Deaconess Aquatic Center

To assist in choosing which class level to sign up your child, a good rule of thumb is the following:

Level One—The child has never swam before or is afraid in the water

Level Two—The child is comfortable going into the water and under water with face submerged.

Level Three—The child is comfortable jumping or moving independently in the water.

Level Four—The child is able to swim most of the length of the pool independently.

Levels Five and Six—The child has a good knowledge of the 4 strokes (front crawl, back crawl, breaststroke and butterfly).

We also offer private individual lessons for all ages.
